

Air Canada Adds Daily Vancouver-Boston Flights to Growing Transborder Network for Summer 2017

VANCOUVER, March 15, 2017 /CNW Telbec/ - Air Canada announced today the introduction of daily summer seasonal service between Vancouver and Boston starting June 23, 2017 until September 4, 2017. Special introductory fares start as low as \$243 one-way, all in, and tickets are now available for purchase at aircanada.com or through travel agents.

"We continue to strategically expand our transborder network and we are excited to link Vancouver and Boston with daily non-stop flights this summer, complementing our existing Boston services from Toronto, Montreal, Ottawa and Halifax. These new non-stop flights will shave two hours of travel time for customers travelling between the Canadian West Coast and the U.S. northeastern seaboard. Customers travelling from the Greater Boston area, the sixth most populous area in the U.S., will also enjoy convenient connections at our YVR hub to Western Canada and to our daily flights to both Sydney and Brisbane, Australia, featuring competitive elapsed times," said Benjamin Smith, President, Passenger Airlines, at Air Canada.

The new non-stop services will be operated by Air Canada starting June 23, 2017 with 120-seat Airbus A319 aircraft offering a choice of Business and Economy Class service. All flights provide for Aeroplan accumulation and redemption, Star Alliance reciprocal benefits and, for eligible customers, priority check-in, Maple Leaf Lounge access at the Vancouver hub, priority boarding and other benefits.
